education

Bachelor of Science in Computer Science

with Spatial Data Science minor

Expected 2025

University of Oregon

skills

Programming: JavaScript, Python, C/C++

Frontend Tech : HTML/CSS, React Js, Tailwind css

Backend Tech : Node Js, C/C++, Express Js

Data Technology: R-language, Machine/Deep Learning,

PostgreSQL, MongoDB, A/B Testing

Miscellaneous/Tools: Git, Github, Vscode, Restful APIs, OAuth, SQL

Injection

work experiences

Information Technology Analyst - Nov 2022 - Pres.

- **University of Oregon**
- Resolved technical issues related to hardware, software, across various Windows and macOs devices and network connectivity promptly via walk-up, phone and ticketing system TeamDynamix, resulting in a 21% improvement in response and resolution time.
- Configured, re-imaged, and monitored university-devices for faculty and staffs, collaborating closely with the Enterprise Device Management (EDM) team, reducing in device downtime and increasing in overall system efficiency.

Customer Experience Representative -

Campus Recreational Center at PSU

Sep 2021 - Sep 2022

- Sint fugiat eu magna irure eu incididunt est sint occaecat fugiat tempor.
- Ipsum culpa fugiat consectetur nulla enim consequat ea tempor fugiat.
 Reprehenderit ullamco cillumn.
- Nostrud quis reprehenderit non officia ullamco magna. Magna Lorem minim nisi occaecat adipisicing.

projects

- used finanacial admin dashboard that has access to user accounts
- This dashboard also predicts the Key performances Index of the next year using regression.
- Veniam esse enim adipisicing incididunt tempor minim irure occaecat cupidatat duis consectetur dolor.
- Real-Time Secure Messaging App 🤗
- Id ex et adipisicing proident excepteur.
- Dolore ex commodo non et qui. Reprehenderit exercitation irure culpa sint nisi eiusmod amet ad occaecat quis.
- Veniam esse enim adipisicing incididunt tempor minim irure occaecat cupidatat duis consectetur dolor.
- Qui cupidatat adipisicing adipisicing aliqua irure id esse aute pariatur laborum non.
- S Tailwind CSS
 ⊗ HTML, CSS
- Supported user to create their resume with React, and easily export it as pdf (like this resume)
- Enhanced resume with React, featuring responsive/interactive design, dark mode, showing real-time API data, and even integrating GPT etc.

Involvements

- **Sep 2023 Pres. Sep 2023 Pres. Sep 2023 Pres.**
- used finanacial admin dashboard that has access to user accounts
- This dashboard also predicts the Key performances Index of the next year using regression.
- Member-Oregon Blockchain Group:

 Sep 2023 Pres.
- Researched, learnt and shared diverse facets of FinTech and blockchain technologies, analyzing market trends, emerging technologies, regulatory frameworks, and so on.
- participated in successful pitches for various FinTech initiatives,
 leading to group investment in tokens and comprehensive portfolio management.
